Lester Snow, Director  
CALFED Bay-Delta Program  
1416 Ninth Street., #1155  
Sacramento, CA 95814

Dear Lester:

Just a follow-up to some of my questions from the Joint Committee hearing held last week where you unveiled the current Bay-Delta Program.

You will recall, I asked about the development of fish screens that would be used in Alternative 1 & 2 at the pump station located in the Clifton forebay.

Please provide me whatever information and/or study available to verify these screens will in fact protect fish at this location.

Thank you in advance for your cooperation.

Sincerely,

  
K. MAURICE JOHANNESSEN
